## BEVEZETÉS

Könyvtártörténeti dokumentum-köteteink sorában most egy olyat tart kezében az olvasó, amely a szegedi régi magyaros társaság két vállalkozását is folytatja: a könyvtártörténeti forrásfeltárást, továbbá a hazai jezsuita dokumentumok felkutatását.

Időben azonban nem merészkedtünk annyira előre, mint a többi kötet esetében, s ennek jelentős részben az az oka, hogy komolyan vettük Iványi Béla figyelmeztetését, aki *Könyvek, könyvtárak, könyvnyomdák Magyarországon* című forrásgyűjteményének második részét azzal vezette be,<sup>1</sup> hogy a könyvtártörténeti dokumentumok kutatása terén a XVIII. századba tett kirándulás egy hosszú könyvsorozatot jelent. Igaz ez a jezsuita rend, illetve a rendházak könyvtárai történetét tekintve is. Itt elég csupán az 1773-as feloszlás utáni vagyonelemek során keletkezett több iratfolyóméter könyvjegyzékre utalni.

Az 1711 előtt lejegyzett jezsuita könyvjegyzékekből csupán két kötetet szándékozunk kiadni: a mostanin túl a nagyszombati jezsuita egyetem könyvtára katalógusát. Ezen kívül rövidesen megjelenik az *Erdélyi könyvesházak* első kötete, amelyben Jakó Klára az egykori jezsuita egyetem könyvtárának ma is fellelhető közel 500 darabját mutatja be részletező leírással, kitérve az egyes könyvek provenienciájára is.

Elszórt ismereteink természetesen vannak más jézustársasági gyűjteményekről is,<sup>2</sup> azonban nem tudunk arról, hogy katalógus maradt volna fenn ezekről.

Két kivételt kell megemlíteni a bevezetésben: kiadatlan még az az 1651-ből való levél, amelyben a jezsuita misszió 1800(!) kötetes könyvtárát említik. A másik az Iványi Béla által lemásolt, s hagyatékából kiadott<sup>3</sup> „*Kivonat a jezsuiták vízkeleti házának inventáriumából*” című irat, amelynek címet Iványi adott, azonban a dokumentum inkább azt a feltevést erősíti bennünk, hogy a vízkeleti katolikus parókia könyvtárát ismerhetjük innen meg. Ezért is nem vettük fel kötetünkbe.

Mint ahogy a **sárospataki** Református Kollégium könyvtára történetének dokumentumaként kiadtuk az ottani 1663-ban alapított rendház gyűjteményének töredék-jegyzékeit, (1686, 1707)<sup>4</sup> e kötetben ezeket megismétljük, hiszen mindkét intézmény történetéről vallanak. A gyűjteményre vonatkozó kevés információt, mintegy a kiadás indoklásaként a jegyzékek mellett közöljük.

A nagyon korai (1586) alapítású **turóci** rendház könyvtára 1704-ből való katalógusáról már Iványinak is volt jegyzete,<sup>5</sup> de az amúgy gazdag forrásanyag, amely az itteni kollégium történetére vonatkozik, hallgat a könyvtárról.

A könyvek későbbi sorsáról annyit tudunk, hogy néhány kötet a hlohovci ferenceseké lett: Marta Sturdiková: Katalóg tlaci 16. storocia frantiskanskej kniznice v Hlohovci. Martin, 1970

A Homonnai Drugeth János alapította (1640) **ungvári** rendháznak és kollégiumnak könyvtáráról az alapítólevél is rendelkezik, megemlítve a „Bibliothekát”.<sup>6</sup> A most kiadott 1707-ből való jegyzék nagyon hibás leírású ugyan, de eddig ismeretlen forrása a rendház történetének.<sup>7</sup>

A kassai és a pozsonyi rendház jelentősége, forrásbősége miatt külön fejezetet érdemel a bevezetésben is. Ezért is választottuk külön a rájuk vonatkozó információkat. Mielőtt azonban ezek tárgyalására térnénk megemlítjük, hogy az egyes rendházak történetére vonatkozó szakirodalom felsorolásától azért tekinthetünk el, mert rendelkezésre áll Polgár László kiváló bibliográfiai összefoglalása.<sup>8</sup>

## KASSA

A jezsuiták először 1601-ben kísérelték meg a letelepedést a királyi Magyarország keleti részének gazdasági és katonai szempontból egyaránt legjelentősebb városában, Kassán. A rövid ideig itt működő Pázmányt és Némethy Jakabot 1604-ben Pongrácz István és Grodéczy Menyhért követte; ez utóbbiak azonban a Bocskai-szabadságharcnak, a bécsi békekötés után nyomukba lépő jezsuita páterek pedig az 1619-ben fellángoló felekezeti küzdelmeknek estek áldozatul. A város ellenreformációja a harmincas években tett újabb kísérletek után hosszú időre elhalasztódott. A jezsuitáknak 1643-ban átengedett mislei prépostság ugyan megvetette a kassai rezidencia alapjait, a katolikus egyház támadása azonban csak a következő évtizedben indulhatott meg újra az itt uralkodó protestantizmus ellen. Ekkor rendelte el III. Ferdinánd az egri káptalan és a ferencesek visszatérését, a jezsuitáknak pedig 1654-ben a felsőmagyarországi katonai főparancsnok lakásául szolgáló „királyi ház”-at adományozta. A rend az 1660-as évekre állította csatasorba jól képzett katonáit úgy, hogy azok a kibontakozó harcban is jelentős szerepet vihessenek. Gimnáziumuk - amely 1657-ben Kisdy Benedek egri püspök alapítványával vette kezdetét ¼ 1660-ban I. Lipót jóváhagyásával akadémiai rangra emelkedett; 1659-ben Balassa Zsuzsanna alapítványából nemesi konviktust létesítettek, majd a Kisdy-szeminarium felállítását után, 1665-től a papok képzéséről is a jezsuiták gondoskodtak.<sup>1</sup> Tevékenységük megerősödését a protestáns lakosságú városban mi sem mutatja jobban, mint az a tény, hogy egy évtized múltán - még a jezsuita nyomda alapítása előtt - a kassai könyvnyomtatásban a protestáns és katolikus könyvkiadás egyazon súllyal szerepelt.<sup>2</sup>

A város szellemi forrongásától elválaszthatatlan könyves kultúra regisztrálását a szakirodalom jórészt elvégezte.<sup>3</sup> A jezsuiták könyvtárának XVII. századi állapotáról azonban csak szórványos adatok álltak rendelkezésre, így a most közölt katalógus<sup>4</sup> első ízben dokumentálja azt a tekintélyes könyvtárat, amely a rendház falai között a század második felében felhalmozódott. Ismeretes, hogy 1682-ben a Thököly által elűzetett jezsuiták több ezer forintba becsült bibliotékát hagytak hátra. Nem lehetetlen, hogy katalógusukat is ez idő tájt állították össze - 1682 után megjelent nyomtatvánnyal ugyanis csak elvétve találkozunk a több mint kétezer-egyszáz kötetet számláló, minden szakterületet átfogó könyvtár állományában. Ennek részletekbe menő feltárása, a város más intézményi gyűjteményeivel történő egybevetése a hazai könyvtár- és művelődéstörténeti kutatás lendületétől függ.

## POZSONY

### A kollégium és a könyvtár alapítása

A pozsonyi jezsuita kollégium alapítása szinte teljes egészében Pázmány Péter érsek tevékenységének köszönhető. Az érsek már 1617-ben megpróbált megvenni egy házat Pozsonyban, „hogya a jezsuita atyáknak otthon szerezzen”.<sup>1</sup> Ekkor még kudarcot vallott, s csupán 1622-ben sikerült a városban két jezsuita atyát letelepítenie. Mindkettő korábban a nagyszombati jezsuita kollégium tagja volt, s pozsonyi eltartásuk költségeit is maga az érsek vállalta. A jezsuiták Pozsonyban való megtelepítésének ügyét hamarosan II. Ferdinánd is felkarolta, hiszen már 1623-ban 300 Ft-ot utalt ki, igaz csak ideiglenes segélyként, a két atya eltartására.

S ezzel megkezdődött a hosszas huzavona a király, Pázmány Péter és Pozsony város tanácsa között, mely a város kitartó ellenkezése dacára 1627. november 5-én az iskola megnyitásával végződött.<sup>2</sup> Megkezdődtek a telekvásárlások és építkezések is, 1628. július 10-én pedig II. Ferdinánd király is szentesítette Pázmány érsek alapítólevelét. Ebben az iratban már kollégium alapításáról esik szó, míg az eddig született kérvényekben csak iskola szerepel.<sup>3</sup> 1631-ben az iskola a rend generálisától Muzio Vitelleschitől is megkapta Pázmány Péter alapításának erősítését s ugyanekkor a generális a Pozsonyi jezsuita rezidenciát kollégium rangjára emelte.<sup>4</sup>

„A jezsuiták megtelepedése és a könyvtár megalapítása a rend szabályaiból kifolyó, egymást kiegészítő jelenségek”<sup>5</sup> - írja Schönvitzky már többször is idézett művében. S ennek igazolásául a rend egyik alapszabályát hozza fel, amely az atyákat könyvtár létrehozására s annak gyarapítására ösztönzi, s a kollégiumok alapítóira nézve ezeket tartalmazza:

„Praeter foundationis autem censum, congruam pro ratione numeri personarum habitationem, praeparatam cum suppellectili, et bibliotheca, templique et scholarum aedificio, hortoque dare debet. Quod si ex hic aliquid desit, quod ex censui ipso foundationis, suppleri debeat, monebitur de hoc, sicut et de re tota, praepositus generalis.”<sup>6</sup>

Valamekkora, ha nem is túl nagy, könyvtára már 1631 előtt is lehetett a kollégiumnak, hiszen az Egyetemi Könyvtár 244. számú ősnymtatványában 1626-os dátummal a rendház posessor bejegyzése található, s csak 1636-ban írták mellé: Collegii Posoniensis Soc. Jesu.<sup>7</sup> Ezen kívül adatunk van arra is, hogy a telep első főnöke, Gasparus Mallius már 1625-ben, mikoris először mutatkozott némi remény arra, hogy a rend Pozsonyban való megtelepítésére eredménnyel járhat, azzal a kéréssel fordult Ferdinánd királyhoz, hogy az elszéledt veszprémvölgyi apácák jószágát, melyben Kecskés János könyvtára is megtalálható volt, adományozza az alakuló telepnek. E könyvtárt akkor már többször is ajánlották a pozsonyi jezsuitáknak megvételre. A király

azonban a veszprémvölgyiek vagyonát a győri kollégium felállítására fordította, így az atyák egyelőre lemondtak a vásárlásról. 1629-ben azonban egy nagyobb adomány lehetővé tette számukra a legszükségesebb könyvek beszerzését.<sup>8</sup>

### A könyvtár és a könyvjegyzék

A könyvtár egyenletes gyarapodását rendszeres adományok biztosították. Ezek közül az első legnagyobb Kecskés Jánosé lehetett, aki gyűjteményét 1639-ben ajánlotta fel a kollégiumnak<sup>9</sup> (kb. 372 mű, 400-nál több kötetben). E könyvtár állományát mutatja be az 1639-ben összeállított katalógus.

Az adományokon kívül a könyvtár gyarapodásához hozzájárulhatott annak a nyomdának a tevékenysége is, mely 1634-től a kollégiumbeli atyák felügyelete alatt állott, Pázmány Péter halála után pedig a Jezsuita kollégiumé lett.

E nyomda 1611-től kezdte működését Pozsonyban, s valószínűleg 1660 körül Nagyszombatba költöztették. (A hetvenes éveken túl nincsenek róla források.) Annyi azonban bizonyos, hogy 1635 táján e nyomdában szedték Pázmány Péter érsek magyar nyelvű munkáit: egyházi beszédeit, vitairatait. A korrektúrákat is a kollégiumbeli atyák készítették.<sup>10</sup>

A könyvek számának növekedéséről az 1663-as katalógus ad képet. A növekedés származhatott kisebb adományokból és vásárlásokból is; ezt a nézetet képviseli Fraknoi Vilmos, Schönvitzky Bertalan és Clauser Mihály. Mindhárman tagadják, hogy Pázmány Péter könyvtára, az érsek végrendeletének megfelelően Pozsonyba került volna.<sup>11</sup>

Bitskei István azonban a Pázmány által használt, vagy tulajdonában lévő könyvek és a második lista összehasonlító vizsgálata alapján arra a megállapításra jutott, hogy Pázmány könyvtára végrendeletnek megfelelően Pozsonyba került.<sup>12</sup>

A könyvtár XVII. századi kéziratos könyvjegyzékei jelenleg az egri Dobó István Múzeumban találhatók 1984. leltári szám alatt. Ez a szám tulajdonképpen három különböző jegyzéket foglal magában:

1. Catalogus librorum Bibliothecae Collegii Posoniensis Soc. Jesu Anno Domini 1639.
2. Catalogus Librorum Collegii Posoniensis Societatis Jesu.

---

<sup>8</sup> Ekkor akart II. Ferdinánd először házakat venni a jezsuita rend számára Pozsonyban, amiről a városi tanácsot értesítette és rendelkezése végrehajtására biztosokat küldött ki. A város tanácsa azonban dolgukvégezetlenül küldte őket vissza a város ősi jogaira hivatkozva. A végrendelet a telepnek 600 Ft-ot ígér könyvtár alapítására, de ebből az atyák valószínűleg csak 200-at kaptak meg. Vö. Schönvitzky i. m. 30., 97.

<sup>9</sup> Kecskés János könyvtára, mely apjától, Kecskés Andrástól szállt rá, magába foglalta Mossóczy Zakariás igen nagyszámú könyvét (900-nál több ösnyomtatvány, kézirat és nyomtatott munka volt, ezren jóval felüli kötettszámmal) tartalmazó könyvtárát is. (Iványi Béla: Mossóczy Zakariás és a magyar Corpus Juris keletkezése. Bp. 1926. 70.) Ennek a hatalmas magánkönyvtárnak egy részét Kecskés János valószínűleg a veszprémvölgyi apácáknak adta el. (Ezt a könyvtárt szeretné megszerezni 1625-ben Gasparus Mellius.) Feltehetően a maradékot ajándékozta 1639-ben a pozsonyi jezsuitáknak. Vö. Schönvitzky i. m. 97.

<sup>12</sup> Bitskei-Kovács i. m. 33-36.; bővebben: Bitskei István: Humanista erudíció és barokk világkép. /Humanizmus és reformáció. 8./ Bp., 1979. 93-100. Azóta azonban előkerült Pázmány Miklós (az érsek unokaöccse) könyvtárának jegyzéke is, és könnyen elképzelhető, hogy a vitatott sorsú könyvtár ennek anyagában található. (Vö. KtF V. 66.)

3. Catalogus Librorum quos Gen. D. Joannes Kecskés Collegio Soc. Jesu Posoniensis donavit. Anno D. 1639.

A katalógus egyes részeinek és a lapoknak a számozását Bitskei István és Kovács Béla végezte el.<sup>13</sup> Az első és a harmadik jegyzék datált. A második jegyzék alapszövegében 1655-ben kiadott munka is szerepel, „tehát az egységes alapszöveget csak 1655 után írhatták. Az utólagos bejegyzések közül az 1663. évben megjelent könyvek a legkésőbbiek, tehát a jegyzéket a fentiek szerint 1655-1633 között használhatták.”<sup>14</sup>

A katalógus fejezetei: Auctor, Quantitas, Materia, Locus, Tempus, Typographus, Copertura. E rovatok a szerzőre, a könyv méretére, a mű címére, a kiadási helyre, a kiadás idejére, a nyomdászra és a kötés minőségére vonatkoznak. Az egyes oszlopokat azonban nem vezették következetesen, a Copertura rovat pedig a harmadik jegyzéken teljesen hiányzik. A megvásárolt könyveket a jegyzék írásakor tartalmi alapon csoportokba rendezték, de ez a csoportosítás nem minden esetben azonos mai elképzeléseinkkel, így a jegyzék esetleges vizsgálatakor az egyes csoportok tartalmát tételenként célszerű átvizsgálni. Ezen kívül a különböző időpontban keletkezett jegyzékek írásakor más szempontok szerint alakították ki az egyes oszlopokat. Ennek következtében bővíthetett az 1655-ös jegyzék új csoportokkal (pl. Humanistae, Germanici, Hungarici, Italici, Varii). A korábbi felosztás valószínűleg elégtelennek bizonyult az újonnan beszerzett könyvek katalógizálására. Mindent összevéve a könyvtár húsz szakcsoportra oszlik.

### **A könyvtár és a könyvjegyzék későbbi sorsa**

A jezsuita rend feloszlatása után (1773. szeptember 21.) a könyvtár állományának újrakatalógizálására került sor, majd ezután (1782-ben) Kovachich Márton, a budai egyetem könyvtárának segédőre kiválogatta és az Egyetemi Könyvtárba szállíttatta belőle azokat a könyveket, amelyeket erre érdemesnek talált.<sup>15</sup> A könyvtár nagyobbik része így Budára vándorolt.

A könyvjegyzék valószínűleg az egyházi iskolák államosítása után került az egri Dobó István Múzeum könyvtárába. Egerbe vitele feltehetően id. dr. Schönlitzky Bertalan és fia nevéhez kapcsolódik. Id. Schönlitzky ugyanis a pozsonyi kollégium történetéről írt könyvében külön fejezetet szentel a jezsuiták könyvtárának s ebben megemlíti a jegyzéket is.<sup>16</sup> Ezek alapján feltételezhető, hogy a kéziratos jegyzéket ő hozta el Pozsonyból, Egerbe pedig fia révén kerülhetett, aki az egri jogakadémián tanított.

Kecskés János pozsonyi kanonok könyveinek a pozsonyi jezsuita kollégium könyvtárkatalógusában fennmaradt jegyzéke.

Mai lelőhely: Eger. Dobó István Vármúzeum könyvtára. 1984. 377-416. A jegyzék ÷ Pajkossy Györgyné megállapításával ellentétben ÷ nincs az Egyetemi Könyvtár tulajdonában. ADATTÁR 13. 132-143.

A jegyzék fejezetei: Auctor, Materia, Quantitas, Locus, Tempus, Typographus, amelyek a szerzőre, a mű címére, a kiadási helyre, a kiadás idejére és a kiadó nyomdászra vonatkoznak.

Kecskés János könyvjegyzéke nagyrészt a Mossóczy Zakariástól származó könyveket tartalmazza. Mossóczy könyvtárát sógorára, Kecskés Andrásra hagyta, kinek halála után a könyvek Kecskés Jánoshoz kerültek. Ez utóbbi először vételre ajánlotta fel a könyvtárat, majd odaajándékozta a pozsonyi jezsuita kollégiumnak. Bitskey István és Kovács Béla szerint Mossóczy "közel 1000 kötetes könyvtárának többi tételét ekkorra Kecskés János már valószínűleg eladta vagy elajándékozta, hisz Mossóczy possessor-bejegyzéssel a legkülönbözőbb könyvtárakban találkozhatunk".

Dümmerth Dezső összeállította az Egyetemi Könyvtárban őrzött s Mossóczy, illetve Kecskés János könyvtárából származó könyvek jegyzékét. Pajkossy Györgyné tőle függetlenül 148 olyan könyvet talált, amely ezek tulajdonjegyét viseli. Ld. Schönvitzky Bertalan: A pozsonyi Kir. Kath. Főgymnasium története. Pozsony, 1896. 97-100; Iványi Béla: Mossóczy Zakariás és a magyar Corpus Juris keletkezése. Bp. 1926. 76-77. (ue. ADATTÁR 11. 437-484; Vértesy Miklós EKÉvk 2.  Az iskolától 1686. december 7-én elvett könyvek jegyzékének mai lelőhelye:  
 Sárospatak. TRefETudGyKt 1227/2.  
 Közölte: Szinyei Gerzson SRefL 1909. 499-500., ADATTÁR 14. 86-89. Említi:  
 Harsányi István MKSz 1913. 146.; Szentimrei 1981. 278, 298.  
 Harsányi István a jegyzékben 15 olyan művet talált, amely a Rákóczi-könyvtár  
 katalógusában is szerepel (vö. Harsányi István MKSz 1913. 146.) Így a jegyzék 1,2,3-23-  
 40, 8-11-42-43, 14-20, 17-28, 18, 19, 26-30-52, 33, 35, 36, 46, 51 és 73. sz. tételeiben leírt  
 könyvekre ld. a Rákóczi-könyvtár Harsányi-féle jegyzékének III/133, I/1, V/13, XII/1,  
 V/6, IX/17, X/7, I/33, V/22, X/50, V/20, XI/6, IX/14, II/94 és I/28. sz. tételeit.  
 Valószínű, hogy a jegyzék 15, 48 és 74. sz. tételeiben leírt könyvek azonosak a  
 Sátoraljaújhelyre került pataki könyvek jegyzékének 118, 99 és 28. sz. tételeivel (Vö.  
 Visegrádi 1910.)  
 A pataki református iskola könyvtárának egy része 1687-ben ismét a jezsuitáké lett.

A Rákóczi szabadságharc idején, 1704. december 13-án otthonába visszatérő református iskola hamarosan hozzálátott könyvtárának fejlesztéséhez. Amikor a pataki gyülekezet harangját, a kollégium a könyvtárát követelte a jezsuitáktól, azok háztörténete ezt jegyezte fel 1706-ban: "postremum anni huius malum 4 xbris nos impetijt, ubi libros Haereticorum et Campanam quondam illorum reddere iubebamur. Quae Campanae redditio non tam difficilis accidit, quam librorum" (Historia Domestica Residentiae S. J. Patakiensis I. 139.) Vö. Visegrádi 1910. 9-10.

fgy látszik, hogy az iskola nem kapta vissza valamennyi könyvét, mert ez év december 30-án "Calvinistae libros petunt haereticos". A jezsuiták könyvtárát öröklő piaristák Sátorajjáúj helybe került bibliotékájában mindenesetre még a 20. század elején is 120 kötetet őriztek a református kollégiumi könyvtár 1671 előtti állományából (Visegrádi 1910. 37-48.) Közülük 26 megtalálható az 1707-ben távozásra kényszerített jezsuiták könyvtárának ez év április 10-én készített jegyzékén:

Visegrádi János szerint kétségtelen, hogy a jezsuiták könyvtára "elűzetésük után szoros felügyelet alá került, úgy, hogy amikor négy évmúlva, Rákóczi Ferenc szabadságharcának leveretése után visszatértek, mint egyebeket, úgy ezt is hiány nélkül vették át". (Visegrádi 1910. 11.)

## Zusammenfassung

**Jesuitenbibliotheken in Ungarn bis zum Jahre 1711. Bd. I. Kaschau, Pressburg, Sárospatak, Turóc, Ungvár. Szeged, 1990. /Materialien zur Geschichte der Geistesströmungen des 16-18. Jahrhunderts in Ungarn. Bd. 17/1. Ed. Bálint Keserű/**

In diesem Band der Schriftenreihe für Bibliotheksgeschichte werden die Forschungsergebnisse von zwei Unternehmen der Arbeitsgemeinschaft in Szeged präsentiert, nämlich die der Quellenerschliessung der Bibliotheksgeschichte und der Erforschung von Jesuitendokumenten ungarischer Provenienz. Die Zeitspanne ist diesmal wesentlich beschränkt, weil die Aufarbeitung von Bücherverzeichnissen des 18. Jahrhunderts (als *Béla Iványi* in seiner massgebenden Quellenpublikation *Bücher, Bibliotheken, Druckereien in Ungarn* mit vollem Recht festgestellt hat) einer eigenen Schriftenreihe bedarf. Hier genügt es, die überaus grosse Zahl von Bücherverzeichnissen der 1773 aufgehobenen Ordenschäuser zu erwähnen.

Wir haben die Absicht, von den Bücherverzeichnissen der Jesuiten bis 1711 zwei Bände zu veröffentlichen. Neben dem vorliegenden Band wird noch der Bibliothekskatalog der Jesuitenuniversität in Tirnau (Nagyszombat) publiziert. Eine andere Art der Forschung zeigt die Veröffentlichung der *Bibliotheken in Siebenbürgen* (hrsg. von Klára Jakó). Hier werden die noch heute erreichbaren etwa 500 Bücher der ehemaligen Bibliothek der Jesuitenuniversität in Klausenburg (Kolozsvár) mit besonderer Rücksicht auf die Provenienz dargestellt und abgeschrieben. Der Brief aus dem Jahre 1651 in dem die äusserst reiche, etwa 1800 Bände enthaltende Bibliothek der Jesuitenmission erwähnt wird, bleibt aber noch unveröffentlicht. Die Bibliographie der Fachliteratur der Geschichte der Ordenschäuser wird in diesem Band nicht angegeben, uns steht nämlich die sehr wertvolle Arbeit von *László Polgár* zur Verfügung (siehe Vorwort A.8.).

Die fragmentarischen Verzeichnisse der Bibliothek des Ordenshauses in **Sárospatak** wurden in dem Appendix der Geschichte des Reformierten Kollegiums publiziert (siehe Vorwort A.4.), diesmal werden sie nocheinmal veröffentlicht. Das Bücherverzeichnis des Ordenshauses in **Turóc** (gegründet 1586) wurde zum erstenmal als Anhang zu der Sammlung von *Béla Iványi* herausgegeben (siehe Vorwort A. 5.). Das Bücherverzeichnis des Ordenshauses in **Ungvár** (gegründet von János Homonnai Drugeth im Jahre 1640) ist fehlerhaft aber kann trotzdem für wichtige Quelle der Bibliotheksgeschichte gehalten werden.

1601 versuchten die Jesuiten zum erstenmal, in der aus wirtschaftlicher und militärischer Sicht sehr bedeutenden Stadt **Kaschau** ein Ordenshaus zu errichten. Damals scheiterte es noch am Widerstand der Stadt. Die katholische Restauration war langsam und brachte die ersten Ergebnisse erst in den 50-er Jahren des 17. Jahrhunderts. Das 1657 errichtete Gymnasium wurde 1660 Akademie, 1659 wurde ein Konvikt für Adligen gegründet und von dem Jahre 1665 wurden die Jesuiten beauftragt, die Bildung der Geistlichen zu betreuen. Ihre Tätigkeit blieb in der überwiegend protestantischen Stadt nicht ohne Erfolg: der Buchdruck zeigt schon vor der Errichtung der eigenen Druckerei eine grosse Anzahl von katholischen Büchern an. Das diesmal veröffentlichte Bücherverzeichnis dokumentiert zum erstenmal den Bestand ihrer Bibliothek. Das

Verzeichnis, das mehr als 2100 Bände in allen Fachbereichen enthält, wurde vermutlich 1682 (zur Zeit ihrer Vertreibung aus der Stadt) zusammengestellt.

Das Jesuitenkolleg in **Pressburg** wurde von dem Erzbischof *Péter Pázmány* errichtet. Die Jesuitenpater erhielten die Unterstützung des Kaisers und Königs Ferdinand II. und trotz des Widerstandes der Stadt konnten sie die Schule im Jahre 1627 eröffnen. Vier Jahre später wurde diese Schule von dem Ordensgeneral schon als Kolleg bestätigt. Zu dieser Zeit besaßen sie eine Bibliothek, davon zeugen die Possessorvermerke in etlichen Büchern der Universitätsbibliothek in Budapest. Die Bibliothek wurde durch regelmässige Schenkungen bereichert. *János Kecskés* hat als erster seine Bibliothek 1639 dem Jesuitenkolleg überlassen, und zwar 372 Werke in etwa 400 Bänden. Noch jenes Jahr wurde ein Katalog aufgestellt. Inzwischen hatten sie die Gelegenheit, eine Druckerei unter ihre Kontrolle zu stellen, nach dem Tode des Erzbischofs *Péter Pázmány* sogar zu bekommen.

Die Erwerbungstätigkeit und der Zuwachs an Büchern zeigt der Katalog aus dem Jahre 1663. Die meisten Forscher waren der Meinung, dass die Bibliothek des Erzbischofs nicht in die Bibliothek des Ordenshauses eingegliedert wurde. Laut neuerer Forschungen kann aber festgestellt werden, dass im Sinne des Testaments von *Péter Pázmány* seine Bücher die Jesuitenbibliothek bereicherten.

Die drei handschriftlichen Bücherverzeichnisse aus dem 17. Jahrhundert sind momentan in dem Dobó István Museum in Erlau (Eger) aufbewahrt. Das erste und das dritte sind datiert, der Terminus post quem des zweiten ist 1655. Die angegebenen 20 Fachbereiche sind schon veraltet und nicht mehr benutzbar. Nach der Aufhebung des Ordens wurde ein neuer Katalog gefertigt und die Mehrzahl der Bücher wurden 1782 in die Universitätsbibliothek (damals noch in Ofen) transportiert.
